## OF HEAVEN & OF HELL

I had a dream last night,  
Lonely, impactful, true.  
Now I know what hell looks like,  
I surely, truly do.

Full of disorder and despair,  
Hopeless, endless, sad.  
Now I know what hell is like,  
Assemblage of all that's bad.

I had a vision last night,  
Of how my life should flow.  
About which path to take,  
To let love and giving grow.

It seems the only difference,  
Between heaven and hell may be,  
The quality of relationships,  
The quality of "we".
