## CAN'T WAIT!

Can't wait to go to school -  
And escape this daily play.  
Teachers come and teach me,  
I will hear all that you say.

When will school be over?  
Let the summer rescue me!  
When may I leave my home -  
Oh parents set me free!

When will I find work -  
And chart my course in life?  
When will I find my true love -  
And make her my dear wife?

And when shall we have children?  
Bring them swiftly to our home!  
Prepare them for their freedom,  
Can't wait to let them roam!

When shall work be over?  
Grant retirement to me.  
Time for me and mine  
To finally be set free.

When shall God then take me -  
Singing His redemptive rhyme?  
For that I'm in no hurry -  
Oh Lord take Your sweet time!
