## DOES GOD HAVE FAITH – IN US?

When faith comes up  
It creates divides,  
As some believe  
That God provides.

Some go to church,  
Some golf and play,  
Sunday's have always  
Been that way.

Some read the Bible,  
Some quietly pray,  
Others trust in man,  
In what's known today.

It's an age old question  
That's never agreed,  
Some disbelieve,  
Some pledge the Creed.

We look around  
At all we're given,  
Free will, too -  
And still we're riven?

Choice is Key,  
It is His plan,  
Faith only has value  
When chosen by man.

Perhaps it's folly  
No heaven awaits,  
We just won't know  
'Til we reach the gates.

If there is a God  
Full of love, not wrath,  
He gives us choice  
To accept His path.

Free will is Sacred?  
If this is right,  
Then God has faith  
We will choose His light.
